

# Forescout eyeExtend Modules Services

**Forescout eyeExtend Modules Services** are designed to help customer's with their integrations using a Forescout team of experts. These services will enable you to automate security processes between the Forescout Continuum Platform and other IT and security solutions. This will improve operational efficiency and your overall security posture. Integrate Forescout asset intelligence and enforcement capabilities across your current IT and security investments to accomplish the following:

- ▶ Eliminate asset visibility blind spots
- ▶ Automate cross-product workflows
- ▶ Accelerate your response to risks, incidents, and compliance gaps

## Services Included

- ▶ Module installation
- ▶ Configuration
- ▶ Modules delivered to defined use case

## Modules Packages

PRODUCT	DESCRIPTION
FS-PS-MOD-BASIC	Forescout eyeExtend Module Basic includes installation of the modules as listed in the Modules Datasheet, refer to the Modules Matrix. Add qty 1 of this SKU per eyeExtend module required.
FS-PS-MOD-STANDARD	Forescout eyeExtend Module Standard includes installation of the modules as listed in the Modules Datasheet, refer to the Modules Matrix. Add qty 1 of this SKU per eyeExtend module required.
FS-PS-MOD-ADVANCED	Forescout eyeExtend Module Advanced includes installation of the modules as listed in the Modules Datasheet, refer to the Modules Matrix. Add qty 1 of this SKU per eyeExtend module required.
FS-PS-MOD-PREMIUM	Forescout eyeExtend Module Premium (eyeSegment) includes installation of the modules as listed in the Modules Datasheet, refer to the Modules Matrix. Add qty 1 of this SKU per eyeExtend module required.

**Notes**

1. eyeExtend Module Premium package includes eyeSegment implementation and configuration. In this package, Forescout will setup connection to the eyeSegment cloud service, setup the initial matrix, configure segmentation of one device type, and provide overview/Knowledge Transfer to the customer to continue the journey to full segmentation.
2. eyeExtend Connect apps are not supported by Forescout Customer Support and will be deployed on a best efforts basis. Please work with your Client Solution Director to determine the appropriate package for eyeExtend Connect apps.
3. Travel expenses are NOT included in the price.
4. All services are subject to the terms and conditions set forth in the Forescout End User License Agreement: [www.Forescout.com/eula](http://www.Forescout.com/eula)
5. These SKU are paid upfront and valid for 12 months from purchase.
