

## **ForeScout Selected for Excellence Award: Threat Solutions Finalist for the SC Magazine Awards 2016 Europe**

**CAMPBELL, Calif. – 29 March 2016 – [ForeScout Technologies Inc.](#)**, the pioneer in agentless cybersecurity, has been named a finalist in the SC Awards 2016 Europe for outstanding threat solution products in information security. [ForeScout CounterACT™](#) is recognised in the Best NAC Solution category, which acknowledges superior products and services that help customers address the most pressing cybersecurity threats. The winners will be announced at the SC Magazine Awards Europe ceremony to be held in London on Tuesday 7<sup>th</sup> June at a stunning new venue on the Riverside of the Thames, Old Billingsgate.

*“Data breaches that compromise people’s data and tarnish company reputations are causing mounting headlines across the globe. This is why it is more important than ever to recognise Europe’s vast army of defenders that stand out as exemplars of excellence, working largely unseen to protect our data,” said Tony Morbin, Editor in Chief, SC Magazine UK.*

The SC Magazine Awards Europe are the information security industry’s most prominent recognition. Winners in the Threat Solution categories are decided by an expert panel of judges, hand-picked by *SC Magazine UK*’s editorial team for their breadth of knowledge and experience in the information security industry. The awards honour both the cybersecurity professionals working in the trenches, and the products and services that help protect today’s corporate world from a myriad of ever-changing threats.

*“Companies are constantly under attack, fuelled by the proliferation of the number and different types of devices connecting to the network. Traditional security tools lack visibility of these devices,” said Myles Bray, Vice President of EMEA Sales at ForeScout Technologies, Inc., “but ForeScout’s innovative agentless approach makes the invisible visible – including Internet of Things (IoT) devices. Coupled with flexible, automated response capabilities and extensive third party integrations, ForeScout is uniquely positioned to help organisations protect and secure their network, with optimum efficacy.”*

*“Cyberattacks seeking to infiltrate and expose sensitive information are a fact of enterprise IT life,” said Tony Morbin, Editor in Chief, SC Magazine UK. “ForeScout has demonstrated the ability to execute innovative and comprehensive IT security measures to protect companies from the onslaught of malicious attacks.”*

Winners of this year’s SC Magazine Awards Europe will be announced at a gala dinner and award ceremony on Tuesday 7<sup>th</sup> June at their new home, Old Billingsgate in central London. This is one of the most anticipated IT security events of the year and promises a great celebration as well as invaluable networking opportunities with some of the top corporate IT professionals in the country. To attend the awards, please visit [scawardseurope.com](http://scawardseurope.com) for more information. Tickets can be purchased at an ‘*Early Bird*’ rate until midnight on Thursday 14<sup>th</sup> April.

### **About SC Magazine UK**

SC Magazine UK provides IT security professionals with in-depth and unbiased information through timely news, comprehensive analysis, cutting-edge features, contributions from thought leaders and the best, most extensive collection of product reviews in the business. By offering a consolidated view of IT security through independent product tests and well-researched editorial content that provides the contextual backdrop for how these IT security tools will address larger

demands put on businesses today, SC Magazine UK enables IT security pros to make the right security decisions for their companies. Besides the quarterly print magazine, special Spotlight editions and daily website, the brand's portfolio includes the SC Congress and Expo series (London, Amsterdam, New York, Chicago, Toronto), SC Awards, Roundtables, Webinars and SC Magazine Newswire.

**About ForeScout Technologies, Inc.**

For Global 2000 enterprises and government organisations, ForeScout offers the unique ability to see devices the instant they connect to the network, control them and orchestrate information sharing and operation among disparate security tools. Unlike traditional security solutions, ForeScout achieves this without requiring software agents or previous device knowledge. ForeScout integrates with leading network, security, mobility and IT management products to overcome security silos, automate workflows and enable significant cost savings. As of January 2016, more than 2,000 customers in over 60 countries are improving their network security and compliance posture with ForeScout solutions.
