

End-of-Sale (EOS) Announcement

End-of-Life Announcement Forescout CyberMDX MDefend

February 27, 2024

On June 30, 2024, Forescout will End of Life (EoL) the MDefend product line (also known as CyberMDX)

- End-of-Life is June 30, 2024

For further information on Full support and Limited support, please refer to the Forescout End-of-Life Policy.

Customers can transition to Forescout CRE version 24.1 and take advantage of several new capabilities to secure their digital environment:

- **Comprehensive device asset management including:**
 - Persistent asset inventory with simple query and filtering language.
 - Asset history retention (90 days).
 - Logic to support and analyze medical communication protocols (to passively extract asset details and monitor the asset behavior) and medical properties (FDA class and recalls), and high-fidelity asset classification.
- **Multi-factor risk scoring for actionable prioritization.**
- **Risk-based incident response analyst support through Forescout Timeline.**
- **Common Vulnerability and Exposure (CVE) support** with an integrated CVE database for unmanaged devices (IoT, BMS, OT, Medical) and CVE exploitability info (EPSS, CISA KEV).
- **Integrations with ecosystem tools** (VA, CMDB, etc.) using Forescout eyeExtend modules, and a path to expand your cybersecurity technology stack with our Network Security and Threat Detection and Response solutions.

Our Professional Services team is ready to help if you need assistance upgrading to a supported version of the Forescout platform. Please contact your account team or your preferred channel partner to discuss options that suit your needs.

If you have any questions about this announcement, please contact your Forescout Sales Representative or Forescout Customer Care via the [Forescout Customer Support Portal](#).
